ZyXEL Vantage CNM Service Pack

2.2.00.61.02

Release Note

Date: 7/13/2006

Objective:

This Service Pack (2.2.00.61.02) includes some feature enhancements without bug fixing on CNM 2.2 (version code 2.2.00.61.01). After upgrade, the version code will change to 2.2.00.61.02 (Note 1)

The Service Pack can be applied to CNM 2.2.00.61.01 directly. However, it can not be applied to other version.

For the detailed, please read below.

Supported Platforms

Vantage Service Pack 2.2.00.61.02 Environment Requirement:

1. Hardware platform:

Vantage CNM 2.2 server hardware requirements:

CPU: Intel P4 2.6G or better

Memory: 2G or better

Hard Disk: 80G or better

Vantage CNM 2.2 client hardware requirements:

CPU: Intel P3 450 MHz or better

2. Software environment:

Server: Microsoft Windows XP

Client: Microsoft IE 6.0 or later, SP1 is limited. Screen resolution supported: 1024*768

Other system services such as FTP daemon, syslog daemon, SMTP daemon and telnet daemon are also needed for Vantage CNM featured services.

Notes

1. If there are devices which have been managed by Vantage CNM, it would be recommended to do System >> Maintenance > Back up before upgrade operation.
2. Please reference to [Appendix A](#) to get detail information.

Known Issues

SPR ID	Description
060412705	Configuration >> WAN Setup, there is no Zero Configuration.

Step 1. Select Config>>Wan>>Setup. Mode= Routing,Encapsulation= Enet Encap
Result: There is no Zero Configuration dropdown list in cnm UI,but ewc has and cnm server send the value of zero configuration "No"

Features

[2.2.00.61.02]

[NEW FEATURE] Support P662H-61.

[ENHANCEMENT] XML import supports P653HWI-17, ZW2, ZW70 'Switch Skip Overlap' and 'IPSec MSS Select' and 'IPSec MSS' in Configuration >> VPN >> NetBIOS.

Bug Fix

Appendix

Appendix A Vantage CNM Upgrade Operation(Windows version)

Login Vantage CNM with root account. Click menu System >> upgrade, and then select the Vantage CNM upgrade zip file by click “Browse” button.

Click Yes, then Vantage CNM browser disappears and a new window popup shown down below.

After about five minutes, when upgrade completes, please restart Vantage.
